

CURRICULUM INTENT

PSHE AND RSE (KS3 AND KS4)

PSHE is essential for the development of students to enable them to become well rounded individuals both inside and outside school. Through PSHE, students will study a range of topics including how to take care of themselves through mental wellbeing to appreciating our British Values in society. Students will begin to think about life post 16 including choices with their careers and personal relationships in their future.

CURRICULUM INTENT OVERVIEW

 HEAD KNOWLEDGE-RICH	<p>Students will:</p> <ul style="list-style-type: none">• Know how to keep themselves safe on the internet, in school and in wider society e.g. first aid.• Know what a healthy relationship looks like from friendship to intimate sexual relationships.• Know about how to look after themselves through personal hygiene and knowing the risks associated with alcohol and drug use.• Know British values including democracy and respect for everyone.• Know about life post 16 including careers and financial education.
 HEART FAITH, LOVE AND RESPECT	<p>Students will:</p> <ul style="list-style-type: none">• Develop respect and tolerance for people of different faiths, cultures and race.• Consider the importance of healthy relationships with their friends, family and intimate relationships in their future.• Understand the importance of how we should conduct ourselves on the internet including the importance of raising awareness of cyberbullying and how to report it.• Understand that all staff at the Trinity School are shaping students to be well rounded citizens and are here to safeguard all students.• Appreciate that it is important to look after and have love and respect for themselves through promoting good habits for a positive mental wellbeing and good physical health.
 HANDS APPLICATION OF KNOWLEDGE	<p>Students will:</p> <ul style="list-style-type: none">• Be able to reflect on their learning in topics and apply their knowledge in lessons for example, first aid can help them in their biology and theory PE lessons.• Be able to make links between PSHE and their wider school education.• Have a good understanding of how their PSHE lessons have a real impact on their wider life and enable them to mature into respecting adults.• Have the opportunity to display their positive character by having the opportunity to take part in wider school campaigns that focus on justice and respect, e.g. Anti-Bullying week• Be able to live out British values in school, for example celebrating our cultural diversity in our Culture Week

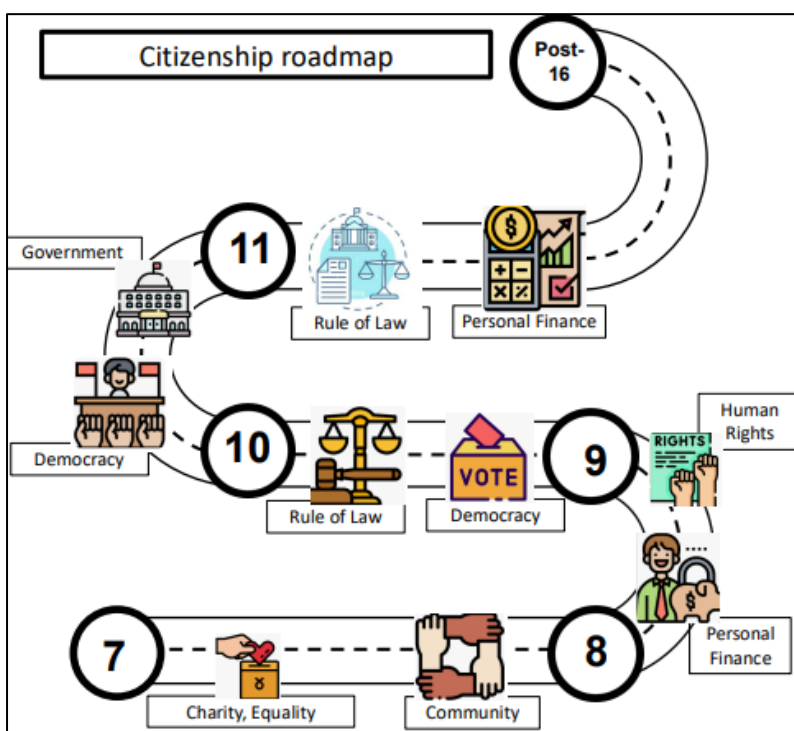

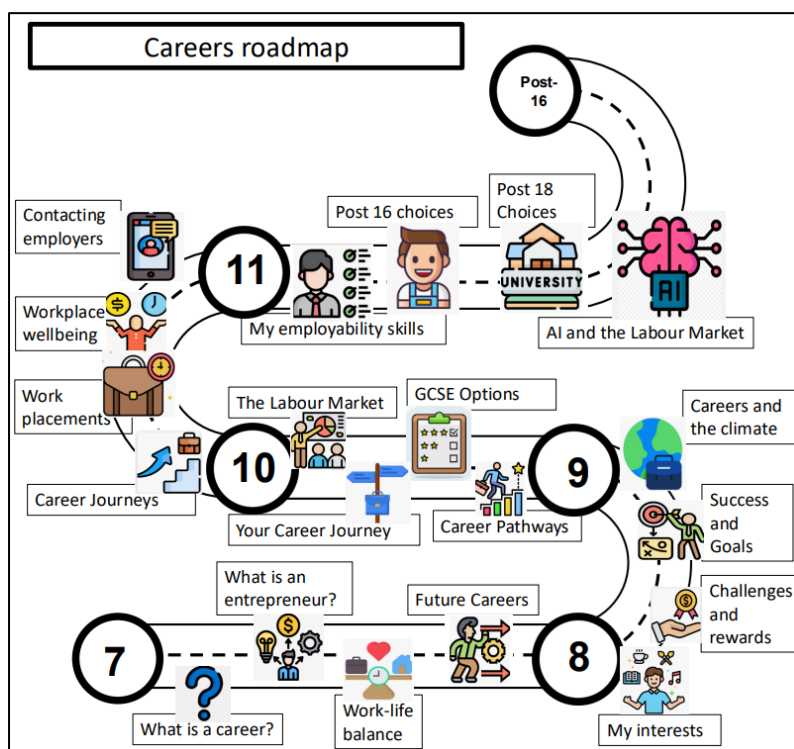

CURRICULUM TO CLASSROOM

 HEAD KNOWLEDGE-RICH	KNOWLEDGE FOCUSED	<p>For each topic, students have a booklet that contains the key information for students to access for that topic. There are PowerPoints to accompany the booklets and from the PowerPoint, students will be able to access information required to answer questions. There will be key word/vocabulary lists for each topic and a curriculum roadmap that tells the students where the learning is heading next in RSE and PHSE.</p>
	EXPERT TEACHERS (EXPLANATIONS)	<p>Teachers will use booklets, PowerPoint and teacher guidance notes to enable them to deliver each lesson. Teachers will ensure they guide students through the content and break down any key concepts or new ideas. Occasionally, external companies may be used for students to ensure they gain knowledge in an appropriate way e.g. year 8 have a talk from Betel to understand the importance of rehabilitation for people who have overcome addictions. External companies are booked by SLT, PSHE coordinator or Progress Coordinators to ensure what they are delivering is appropriate and meaningful.</p>
	TAUGHT TO BE REMEMBERED	<p>Students will have the themes of the topics repeated throughout year 7-11. Therefore, students will be able to unlock prior learning to understand how this is built on in later years. As students are encouraged to think and contribute through discussion during lessons, activities such as match up tasks and quizzes during the sessions are important to understand what students have learnt during the sessions.</p>
HEART FAITH, LOVE AND RESPECT	ENCOURAGING CLASSROOMS BASED ON FAITH, LOVE & RESPECT	<p>Lessons are timetabled lessons with form tutors – who have an excellent knowledge and strong relationships with our students. Students are encouraged to actively participate in lessons by answering questions, having class discussions and completing tasks in their booklets. Students are encouraged to have respect for other's opinions during these sessions and when discussing key themes such as families, students should be aware that people in their classroom come from a variety of family backgrounds.</p> <p>Each unit of work includes opportunities for prayer and biblical teaching. The faith life of our school walks hand in hand with their personal development and the growth of a young person's character at Trinity.</p> <p>Should a student be upset by any content covered in sessions, the Progress coordinator/ Assistant progress coordinator are on hand to offer support for the student.</p>

HANDS APPLICATION OF KNOWLEDGE	EXPERT TEACHERS (MODELLING)	<p>Teachers are encouraged to demonstrate how students should approach these sessions by encouraging students to be mature and sensible in their approaches. When discussing RSE, teachers will use appropriate terminology. Teachers will model the reading and interpretation of challenging vocabulary, e.g. legalistic terms.</p> <p>Teachers are encouraged to model student's answers particularly from group discussions and from any work completed in booklets to ensure students complete work to the best of their ability.</p>
	DELIBERATE PRACTICE	<p>Students will have the opportunities to demonstrate and apply their knowledge through discussion, comprehension questions, mini whiteboard feedback and end of lesson reflective tasks.</p>

Our Personal Development Curriculum lessons are currently divided into four complementary areas:

Careers, Citizenship, PHSE, RSE.

LEARNING SEQUENCE – YEAR 7
